

**REPORT/RECOMMENDATION TO THE BOARD OF SUPERVISORS
OF SAN BERNARDINO COUNTY, CALIFORNIA
AND RECORD OF ACTION**

60

February 25, 2003

FROM: **G. DANIEL OJEDA, Director**
Architecture & Engineering Department

BILL INGRAHAM, Director
Department of Airports

SUBJECT: **RECONSTRUCT CAL AERO AND STEARMAN DRIVES/CONSTRUCT AIRFIELD BEACON &
LIGHTED WIND CONES AT CHINO AIRPORT – ISSUE REQUEST FOR PROPOSALS**

RECOMMENDATION: Approve Request for Proposals (RFP) for design and construction administration services for the reconstruction of both Cal Aero and Stearman Drives, construction of a beacon and the runway wind cones at the Chino Airport and authorize Architecture & Engineering Department to release the Request for Proposals.

BACKGROUND INFORMATION: The County received a Grant from the Federal Aviation Administration (FAA) on July 9, 2002. This \$500,000 grant plus the \$55,555.56 match from the Fontana Airport sale will fund four separate County CIP Projects:

1. The rehabilitation/reconstruction of Cal Aero Drive including grading & drainage improvements, partial repaving, fencing and gate access improvements;
2. The rehabilitation/reconstruction of Stearman Drive by widening the street, constructing curb & gutter, and reconfiguring the gates & fencing to construct new public access to the southwest corner of the airfield;
3. The installation/construction of lighted wind cones at the ends of each runway; and
4. The construction of an airfield beacon west of Runway 3/21.

This project is consistent with a County Administrative Office approved Capital Improvement Program request.

REVIEW BY OTHERS: This item has been coordinated with Eli Montoya, Department Contract Compliance Designee on February 11, 2003; approved as to form by County Counsel (Jean Basle, Deputy County Counsel) on February 11, 2003; and reviewed by the County Administrative Office (Lynn Chacon and Tom Forster, Administrative Analysts) on February 12, 2003.

FINANCIAL IMPACT: This project was originally funded in the FY 2001/2002 in the amount of \$200,000 for Cal Aero Drive improvements, \$100,000 for the airfield beacon installation, and \$20,000 for the wind cone installation with no expenses incurred resulting in the same amounts being carried over into FY 2002/2003. The Stearman Drive improvements were funded as a new project in FY 2002/2003 in the amount of \$164,820. Because the County received a Federal Grant, the sources of funds include non-operating revenues from Federal Aviation Administration (FAA) grant funds (90%), and revenues from the sale of the Fontana Airport (10%) placed in reserve for this purpose.

COST REDUCTION REVIEW: The County Administrative Office has reviewed this agenda item and concurs with A & E's proposal and recommends this action based on the benefit of the improvements. There is no financial impact to operation costs or local cost .

SUPERVISORIAL DISTRICT(S): Fourth.

PRESENTER: G. Daniel Ojeda, Director, Architecture & Engineering, 387-5025
Bill Ingraham, Director, Airports, 387-7801
